RECENT REVIEWS

"I can't say enough good things about my experience with Bill Deese and ERA Grizzard. He made the sale go as smoothly as possible. He was always available to answer any of our many questions. With his guidance, every step of the sale, from the initial listing to the final closing, progressed seamlessly. He truly goes above and beyond and I would highly recommend him to anyone considering buying or selling any type of real estate." ~ Victoria D.

"Bill was wonderful to work with and provided us with exceptional service. Living out of state in Maine at the time we had only a short time to find the right home within our budget for our family. After an extensive search Bill found the perfect home in a great location for the schools we wanted for our kids and fit our budget! Bill was a miracle worker and was so helpful throughout the transaction and has continued to help us with local information even after our closing. We have become friends with him and his wife and have met for dinner on several occasions."
